JEWETT CITY

Edwin Benjamin died Tuesday morning from pneumonia. Mr. Benjamin was born in Ledyard, April 28, 1854, the son of Ann Hinchley and Levi Benjamin and passed nearly all his life in Preston, but the last four years the family has lived in Griswold. He was twice married, his first wife being Annie D. Yerrington. By this marriage there are four children: Irving, Elizabeth, Daisy, Alice Benjamin of Griswold. His second wife was Amy Lockwood McCracken, who survives him with a stepson, Ivan McCracken. He leaves also a brother, Irving H. Benjamin, of Hartford.

Local dealers are unable to fill the orders for wood. One dealer had to abandon an attempt to haul in a quantity that he wanted in the woods on account of three feet of snow.

Mr. Lewis, the cream gatherer for the Jewett City Creamery Co., got to the plant Monday the first time since the storm. Several lots have been from producers during the last few days, brought in on sleds. Today Wednesday Mr. Bliss will make a record churning of over two hundred gallons.

Trolley traffic was off schedule for a few hours Monday forenoon on account of a freight car being off the iron at the upper switch.

A novel sight in town Monday was that of an oil company supplying its local trade with oil brought here in 40-quart cans. A great load came up from Norwich. It was impossible to haul the company's delivery tank on account of the snow in places where delivery must be made.

The snow crust anywhere easily supports a man. Costing in the fields never was better, there are long inclines, some of the outlying farms.

Weak - Nervous Women

There is No Remedy Like Vinol
Those who are nervous, all run down, no appetite, and can "hardly drag around" Vinol creates a hearty appetite, induces sound sleep, invigorates the nerves, creates strength and quiets the nerves.

Here is Proof that Should Convince Everyone
Seabra, Ky.—"I was run-down, weak, and nervous, and had no appetite and could not sleep, so I was unfit to keep around and do my work. A friend asked me to try Vinol. I did so and now I sleep better, eat better and feel better in every way, and I can truly recommend Vinol to others who are in a run-down, nervous condition."—Mrs. T. H. SHELTON.

St. Louis, Mo.—"I was in such a weak, run-down, nervous condition I could not do my work, and had lost all my ambition as I had taken so much medicine without benefit. A relative told me about Vinol and I had done for me in restoring my health and strength."—Mrs. EDNA WIND.

For all run-down, nervous, anemic conditions, weak women, overworked men, feeble old people and delicate children, there is no remedy like Vinol.
Your money will be returned if Vinol fails—

DANIELSON AND PUTNAM NEWS

DANIELSON PUTNAM

Just another little snowstorm as a reminder that the groundhog must have seen a shadow of tremendous proportions on Feb. 2. Nearly three inches of snow came down during the forenoon to hinder traffic and make still harder the labors of those who are trying to get traveled ways back into reasonable decent condition for use.

Trains continued to run off schedule and the main dependence of Danielson people for transportation facilities were concerned, were buses. All means of travel by public conveyance to points south was limited to three trains, which ran far off schedule time.

L. S. Barstow, who was in Danielson during the day from East Killingly, stated that 20 men, working steadily during all of Monday, managed to open just one mile of the Rhode Island company's line leading from Providence to this town. The line had been cleared as far as Rockland, R. I., by Monday evening.

Mr. Barstow also told of how East Killingly milk producers, in order to fulfill their contracts, are bringing their milk to Danielson and shipping to Worcester, from which city it is sent southward to Providence—a roundabout route, but the only one now available.

I. W. Davis, deputy state entomologist, said Tuesday noon that the roads are in terrible condition out in the country districts. During Monday his services were called upon by a farmer traveling on top of the snow crust. He told of a man and his son, who live near Ballouville, being obliged to shovel a road from their home to a main highway, a distance of half a mile.

The heavy crust on the snow has been the means of cutting into the legs of horses and oxen that have been used in attempts to break out the highways, so that many owners of these animals no longer will permit them to be used for relieving the blockade.

Oxen, especially, it has been found, are of little use in this section in breaking out roads, for when these animals break through the crust into the deep snow they are unable to withdraw their legs and become marooned and themselves have to be shovelled out.

On the Church street route in the town of Brooklyn there are some exceptionally deep drifts, as also is the case on the direct state highway between Danielson and Wauregan.

The funeral of John Thomas Sullivan was held from his home in Norwich Tuesday morning with services at All Hallows' church in that place. Rev. J. E. McCarthy being celebrant of the high mass of requiem. The mass was attended by many relatives and friends. The body was placed in a vault at the Mosses cemetery.

Washing Won't Rid Head Of Dandruff

The only sure way to get rid of dandruff is to dissolve it, then you destroy it entirely. To do this, get about four ounces of ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

To this tonight, and by morning, most if not all of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have.

You will find, too, that all itching and digging of the scalp will stop at once, and your hair will be fluffy, lustrous, glossy, silken and soft, and look and feel a hundred times better.

You can get liquid arvon at any drug store. It is inexpensive and never fails to do the work.

ing for an insurance company, also has replaced a car from Oscar Rich. This car, which Mr. Rich bought in a regular way, is said to have been stolen in Boston in April of last year by some person unknown here. The car in question is a Buick and is claimed to be the property of Congressman John Jacob Rogers of the Lowell district of Massachusetts.

Mr. and Mrs. Jeremiah Libby, their daughter, Mrs. Ada Norberta Libby, and Mr. and Mrs. J. A. Gagne left here Tuesday night, for Philadelphia, where Miss Libby is to become the bride Thursday morning of Alferie Libbey, formerly of Putnam. The party will then go to Washington for a stay of a few days.

SOUTH KILLINGLY

Fred Wellman has an attack of pneumonia, and three other members of his family have severe colds.

Raymond Gates has a severe cold. Mrs. Butler was a visitor at The Ledges Tuesday.

Mrs. Spink has bought a driving horse.

There was no mail service from Wednesday to Saturday on account of the snow.

Men and teams have worked early and late trying to open the highways. The drifts in places are higher than a man's head and the crust makes shoveling difficult. In some places it has been necessary to cut through the crust with an axe before shoveling was possible. It is said the snow is the worst ever in this vicinity.
